D. Conduct a public hearing on Mark and Linda Zehler's application for variance to the Jersey Village Code of Ordinances, Chapter 14, Section 14-101(b)(3)a, permitting applicant to add a wheelchair accessible bathroom/hurricane room to the primary structure located at 16022 Singapore Lane, Jersey Village, Texas 77040, which will locate said addition within 7 feet of the existing detached garage.

Chairman Hermis called item D and opened the public hearing at 12:02 p.m. on Mark and Linda Zehler's application for variance to the Jersey Village Code of Ordinances, Chapter 14, Section 14-101(b)(3)a, permitting applicant to add a wheelchair accessible athroom/hurricane room to the primary structure located at 16022 Singapore Lane, Jersey Village, Texas 77040, which will locate said addition within 7 feet of the existing detached garage.

Board Secretary Courtney Rutherford stated for the record that all notification requirements for both the City and the applicant had been met. She also presented the Board with letters from 12 adjacent properties stating no objections to the variance requested.

Mr. Zehler was in attendance for the public hearing. The Building Official Christian Somers gave background information on the request for variance. He explained that current codes state that there must be at least 10 feet between a detached garage and the primary structure. The applicant's requested variance places the addition at 7 feet apart. He also stated that he is currently reviewing the 2012 IRC Code, and if the 2012 codes are approved by Council, the requested variance would not require a variance.

There was brief discussion between the Board and Staff regarding one hour fire rating. Mr. Somers explained that the Board could require the applicant to install drywall on the addition with no openings and this would meet the rating requirement, but that is not a requirement per current City code. Mr. Somers stated that he has reviewed the plans and due to the structure of the home this is the most reasonable place to install the addition. He also stated that Staff has no objections to this variance.

With no other party or individual signing up or requesting to speak at this public hearing, Chairman Hermis closed the public hearing 12:14 p.m.

E. Discussion with possible action on Mark and Linda Zehler's application for variance to the Jersey Village Code of Ordinances, Chapter 14, Section 14-101(b)(3)a, permitting applicant to add a wheelchair accessible bathroom/hurricane room to the primary structure located at 16022 Singapore Lane, Jersey Village, Texas 77040, which will locate said addition within 7 feet of the existing detached garage.

After limited discussion on the matter, Board Member Simchak moved to grant the request of Mark and Linda Zehler for a variance to the Jersey Village Code of Ordinances, Chapter 14, Section 14-101(b)(3)a, permitting the applicant to build a wheelchair accessible bathroom/hurricane room located at 15913 Tahoe, Jersey Village, Texas 77040 without limitations except as to the current existing structure building codes. Board Member Cunningham seconded the motion. The vote follows:

Ayes: Board Members Simchak, Cunningham, Laws and Nguyen
