FARMERS MARKET - FOODIE FRIDAYS - SPORTS

# STAFF INFORMATION

Welcome to the Spring 2022 edition of the Jersey Village Parks and Recreation Play Guide! Recently, I was blessed with the opportunity to attend the Texas Parks and Recreation Society conference in College Station where I was able to meet and interact with two of the most influential professionals in the industry: Dr. John Crompton and Neelay Bhatt. I wanted to absorb as much knowledge and energy from both of these professionals to take home to our community and our employees here in the City of Jersey Village. One takeaway from Dr. Crompton was that it is important for us to ensure our perspective focuses not on what we do, but the impact we have. Over the past few seasons our department has worked tirelessly on events, programs, memberships, experiences, beautification, preventative maintenance, expansion, development and much more. It is important to focus on the impact those actions have made rather than just the actions themselves. As a department we strive to impact our community with positivity, happiness, social and physical development, and comradery. Our Parks and Recreation staff is comprised of dedicated professionals who are passionate about impacting the experiences we provide to our community and I would like to thank them for their dedication and hard work. If our department has impacted you or your family in a positive way, I would like to ask that you share that experience with us. This positive reinforcement will serve as inspiration to continue our strides towards a well-rounded department. And as always, we are open to any recommendations or desires the community requests; so be sure to take our survey's, leave a note, or have a conversation with staff regarding how we can create a better impact for you and our neighbors.

Neelay Bhatt's inspirational keynote speech titled The Power of One can be summarized as so: It only takes ONE individual ONE minute to make or break an experience/department/goal etc. for ONE customer and it only takes ONE customer to spread ONE good or bad experience to impact a department. It is important that while we focus on the impact we make as a department, that we also take the time to truly listen and understand our community and your needs. Each and every interaction we have with our neighbors is a crucial component of our customer service approach and I challenge my staff to ensure our interactions are always beneficial. We are here to listen, we are here to help, we are here to provide solutions, improvements, experiences and we are here to make a positive impact. I want to ensure that I am available to our community beyond my email address and phone number and I aim to create a combination of park visits, recreation events, golf course outings and city events to ensure I am available to you in person. I share my photo in these articles to ensure I am recognizable and approachable to our community, so feel free to start a creative discussion with me when you see me out and about. In addition, I will be adding **Dog Park with the Director** days to the spring schedule this year to allow for a more structured opportunity. **On April 27th, May 19th, and June 21st from 5:30PM to 6:30PM** I will be bringing my dog, Tyco (pictured) to the dog park to play, chat, and meet with the community so feel free to stop by and say hello. I am interested in meeting you all and I would like to gather input from the community regarding desired improvements at the dog park and the Jersey Meadow Nature trail to ensure we properly allocate the Capital Improvement Funds budgeted for those future projects.

We have some exciting experiences lined up for the spring season and are eager to share them with you. Our biggest highlight of this issue would be the Celebration of Jersey Village Founders' Day on April 9th, 2022 and our introduction to **FIREWORKS** for the first time in Jersey Village. In addition, we plan to introduce a pool opening event as well as additional pool events throughout our pool season. We also look forward to our July 4th Parade and Celebration and the food and entertainment that will bring. We are hopeful to see as many of you as we can at all of these events.

As public servants, we as a department are striving to make an impact through experiences, beautification, infrastructure, and customer service and that will be our goal for the spring season. I encourage you to reach out to myself or any of our staff if you have any questions, concerns or suggestions as we continue to make Jersey Village an exciting place to live, work, and play.

# Projected 2022-23 Park and Facility Improvement Projects

# PARK PROJECTS

## Clark Henry Pool Rock Climbing Wall

Both Rock Climbing Walls are now installed at Clark Henry Park.

## Dog Park Improvements

Staff is still gathering feasibility of wanted improvements.

## Golf Course Driving Range Extension

Golf course range extension has been completed, we will be adding safety nets to accompany this expansion.

## Remodel of Clark Henry Pool Restrooms

Remodel has been completed and is ready for pool season.

## Restroom at Carol Fox Park

Staff has been working on the location, site plan, and utilities. The restroom facility is in manufacturing and should be here by summer pending no delay.

## Sky Run Zip Line Track

Sky run zip line track is scheduled to be installed early spring.

## Golf Course Club House

Staff will be in negotiations with FGMA architects and will begin working on the new design.
